

To Whom It May Concern,

We are pleased to announce the organization that bears our Seal of Compliance has completed all of its required HIPAA annual audits for the year 2022, through the use of our compliance tracking solution, The Guard.

Compliance Group has issued its Seal of Compliance, verifying and validating that the organization has taken the necessary steps to demonstrate its good faith efforts to achieve compliance with HIPAA regulations.

To earn the Seal, the organization completed the following efforts:

Security Self-Audits (Security Standards, Asset and Device, Physical Site, and Security IT Risk Analysis), documented a good faith effort to comply with the administrative, physical, and technical safeguard requirements of the HIPAA Security Rule, set forth in 45 CFR 164.308, 164.310, and 164.312, respectively.

The HIPAA Privacy Standards Self-Audit, documented a good faith effort to comply with the Privacy Rule standards. The HITECH Subtitle D Self-Audit, has made a thorough, documented assessment of its preparedness for a data breach, and has documented procedures for breach notification identification, response, and remediation.

If you have any further questions about the HIPAA compliance program, or the Seal of Compliance, please reach out to sealofcompliance@compliancegroup.com
